

## Sidekick System for Irritrol® Dial & MC Controllers

Spending too much time setting up your remote? Need a fast, long-range solution? The Sidekick receiver is the ideal addition to your Irritrol® Dial or MC controller. Easy installation and simple operation make it the commercial contractors ultimate labor-saving solution for wireless controller operation. The receiver allows the operator to access controller operation at any time without having to approach the controller. The Sidekick Receiver for the Irritrol® Dial or MC controllers is designed to be operated by the Remote Control Technology Sidekick Transmitter. The Sidekick Transmitter is a completely portable professional grade wireless transmitter. Backed by a ONE YEAR limited warranty, Remote Control Technology products have been providing irrigation professionals with years of trouble free service.
